

2016 Early Education Teacher Grant Application

The Run For Learning 5K is an annual five kilometer race that began in 2014 as a way to raise awareness of and funds for Grayslake, IL preschools. This event is intended to provide a competitive race for athletes of all abilities as well as a family friendly atmosphere of community. Since the first race, the focus of the Run For Learning 5K has expanded become a race that raises funds for licensed, early-education centers (providing preschool and/or kindergarten programs). Proceeds from this annual event will go teachers at a licensed early education centers in Grayslake, IL and the surrounding-area communities through this grant process. Funding awards will be evaluated on a competitive basis considering need and benefits to youth development. Awardees will be notified by the Run For Learning Board of Directors thirty (30) days post race and awards will be handed out at an award ceremony in late October. Award preference is given to grants requesting specific program funding. General operating requests, such as staff salary, tuition assistance and operating expenses, will not be considered. This year's race will be held on Saturday, September 24.

To be eligible to receive grant funding your class must be at a privately held licensed early education center that does not regularly receive governmental funding serving preschool and kindergarten aged children (ages 3 – 6) and be located within Grayslake, IL or one of the surrounding communities. Please see runforlearning.com for additional information and a list of FAQs.

Completed grants and questions regarding your proposal can be submitted via email or mail to:

Run For Learning Board of Directors
